THE WORLD NEVER BEFORE SAW Hampton's Vegetable Tincture! THE GREAT DISCOVERY OF THE AGE!

READ! READ! READ!

Joy to the World !- Hope for the Afflicted !- More Testimony from Home!

Testimony from Home!

Messrs. Mortimer & Mowbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tineture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph K. Stapleton, esq., an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a failing state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and am as active as I was fully years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

Wonderful Cure of Hereditary Scrofula by Hampton's Vegetable Tincture!

This certificate is from the pen of a gentleman whose name appears on the journal of Congress, one who is exten-sively and favorably known: sively and favorably known:

"It affords me pleasure to state that Dr. Jesse Hampton's
Tincture has effected a most extraordinary cure of my slave
boy, Albert. The patient was three years old, and had the
Scrofula—(his father was scrofulous.) The boy was a moving
mass of sores from head to foot; the upper lids of the eyes
were much swollen, and turned inside out, exhibiting horrible mattering uleers that protruded over the eye-balls so as
to produce blindness. It is strange, yet true, this child, that
I felt resigned to see die as a relief from suffering, has been
restored to health under the treatment of Dr. Hampton.

" Louisville, March 20, 1851."

REV. VERNON ESKRIDGE, U. S. N. Greater weight of Testimony cannot be given.

Mr. J. B. Boush—Dear sir: While I am, in general, opposed to patent medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family: and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, yours,

Chaplain United States Navy.

Still another Witness for "Hampton's Vegetable Tincture."

This certificate is from one of our largest and most enterprising farmers—the owner of those splendid oxen exhibited at the late Agricultural Fair, and who, in person, did the ploughing, with the same, that took the premium. We mention this, as, before Mr. Horne took the Tincture, his condition was such as to despair of even visiting the Fair, much less taking such a laborious part as he did, to the astonishment of those who had seen his state a short time before:

before:

Baltimore, Feb. 4, 1852.

Messes: Mortimer d: Mowbray—Genns: Having been afflicted with Chronic Inflammatory Rheumatism for some time, in its worst form, I tried every remedy that came within my reach, without any success; in fact, my sufferings increased with every new remedy I tried, until I was scarcely able to walk, from the dreadful pains and swelling in my limbs. I had also an ulcer formed on my right wrist, which gave me intensabalp.

in my limbs. I had also an ulcer formed on my right wrist which gave me intensepain.

When in this condition, Mr. Scott, Conductor on the Sus quehanna Railroad, with several others, called my attentiot to the many wonderful cures made by Hampton's Vegetable Tincture. I determined to give it a trial, as a last resort You well remember my sufferings at the time I got th Tincture from you—they were almost past endurance, am happy now to inform you that, in a short time afte taking it, I was relieved from pain, and could walk withou difficulty, and in about four weeks I was enabled to tak part in the ploughing match at our late Agricultural Fair The ulcer on my wrist is now entirely cured, and I am it the enjoyment of the very best health, with no symptom of my old disease; all of which I feel bound to say I ove to the great healing and restorative qualities of Hampton's Vegetable Tincture.

My great confidence in it has induced me to recommend it to others, and I have also seen its good effects in a number of cases. My little daughter had been in bad health for some time: no medicine seemed to reach her case, or to do her any good, until I gave her this Tincture of Hampton's, which soon restored her to robust health. I do therefore cheerfully bear my testimony in favor of this valuable medicine, and I wish you to send me a dozen bottles, that I may always have it at hand. Yours, respectfully,

Stronger-Still Stronger!

Can any unprejudiced mind in the world ask stronger te timony or more convincing proof of the great restorative as curative powers of Hampton's Vegetable Tineture tha given below? The writer is one of our most highly esteeme citizens, a man of integrity, and, it is extensively know, has been for a long time suffering under disease; his alterappearance now is a subject of remark, and gives additional testimony and weight to the certificate below. He is also the son of the old Doctor Dunan, whose great skill as a physician is well known to most of the oldest inhabitants of this

Messes. Mortimer & Mowbray—Gentlemen: It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tineture. Some time during last November I was taken with a very bad and serious cough. I was advised to take Cod Liver Oil, and did so, but, getting no better, I was induced to try your Tineture. I got one bottle, and, before I had used it, all my cough left me. Permit me also to, state, that for the last fifteen years I have suffered very much from Acute Rhematism and Fertigo, confining me, at times, to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me yours, very respectfully.

G. DUNAN.

T is extensively known that the undersigned has by the ory and practical experiments so fully domonstrated the practicality of aerial navigation that all who have duly examined the subject are convinced; and no person, even of those whose interests are adverse-to its success, can offer a word of rational argument against it. Several model machines have been constructed, and each of them has operated successfully; and one of them, sixteen feel long, carried a small steam-engine, by the power of which the machine was propelled, and, being guided by its own helm, travelled rapidly through the air, even against a breeze of wind, in direct lines or circles, according to the adjustment of its helm. This machine was witnessed and applauded by hundreds in New York and Boston, and notices thereof were published in several newspapers of those eities at the time. Since those experiments were made, the inventor has made additional improvements, whereby the inventor has made additional improvements, whereby the inventor is now perfected. And it appears certain that a safe and durable aerial ship, (or aeroport,) capable of carrying one hundred and fifty passengers at a speed of ninety niles an hour, with more perfect safety than either steamboats or railroad cars, may be constructed for \$15,000, and that the expense of running it will not exceed \$25 per day. This aeroport will make the trip to California or to Europe in two days, and will be patronized with abundance of business (more than 50,000 persons are now ready to engage passages) at \$200 per passage, which will amount to \$30,000 per trip, each way; or \$90,000 per week, besides \$4,000 for carrying mails. If this aeroport is owned in shares of \$5 each, a single share will produce an income of \$20 per week.

It is ascertained, by a minute and careful estimate, that an aeroport 150 feet long, and capable of carrying five persons at a speed of sixty miles per hour, may be constructed for \$1,500. Now, having been disappointed of the funds requisite to put this invention in T is extensively known that the undersigned has by th and a few pieces of new RIBBONS, just received, which she will sell as low as they can be bought in the city. mar 27—tr SIXTH street, near cor. of Louisiana av WE respectfully invite the ladies to an examination of the annexed beautiful and attractive line of goods, dapted exclusively to their wants, viz:

And I will so arrange that each port, as above mentioned. 'And I will so arrange that each subscriber, on the payment of the said sum of five deliars, shall be furnished with a regular title-deed, which shall entitle the holder thereof to one three-hundredth part of this first aeroport, and also to one three-hundredth part of the first large neroport that shall be constructed, and of all benefits and emoluments that may be derived therefrom for twenty years; the said aeropert to be kept in repair without expense to the shareholders. Subscribers will not be restricted to single shares, but each may hold as many as he is disposed to subscribe for at first; and will receive dividends accordingly, which, according to the forezong estimates. dends accordingly, which, according to the foregoing esti-mate, will be \$29 per week on each share, payable weekly or monthly. Subscribers may send their names to my address by mail, (prepaid,) and the same will be duly entered on the subscription-book, (which already contains about fifty names of subscribers in this city,) and notice will be seat (prepaid) to each when the three hundred shares shall have been taken; and the money may be sont either to me or to (prepaid) to each when the three hundred shares shall have been taken; and the money may be sent either to me or to the firm of Selden, Withers & Co., (well known bankers of this city.) who will, on the receipt thereof, forward to each subscriber a title-deed, as above stipulated, and will act as treasurers for the shareholders, and transfer the money to me as the progress of the work requires. Each subscriber will be furnished semi-monthly with a printed news-letter, reporting the progress of the work.

Editors or publishers of newspapers who will give the foregoing prospectus an insertion within three weeks, and send a copy thereof to the undersigned, shall be entitled to one share in the large neroport, and be furnished with a title-deed or five dollars in cash forthwith.
